

Enterprise Rancheria Estom Yumeka Maidu
January 2010 Newsletter

**Wishing everyone a
Happy New Year!**

Quarterly General Council Meeting

Date: Saturday, February, 13th, 2010

Time: 12pm

Place: Enterprise Rancheria Tribal
Office

3690 Olive Hwy
Oroville, CA 95966

Why we should Recycle

- Recycling one ton of paper saves 17 trees, 6,953 gallons of water, 463 gallons of oil, and 3 cubic yards of landfill space.
 - Recycling one ton of aluminum saves 27 cubic yards of landfill space.
 - The average American family produces 100 pounds of trash per week.
 - Over 1 billion trees are used each year to make disposable diapers.
 - Using recycled beverage cans to produce new cans allows the aluminum can industry to make up to 20 times more cans for the same amount of energy.
- Americans throw away about 10% of the food they buy at the supermarket. This results in dumping the equivalent of more than 21 million shopping bags full of food into landfills every year. Using recycled glass to make new glass cuts related air pollution by up to 20%
- More than two thirds of the material going into landfills is degradable. However, very little change occurs because moisture is the most important environmental variable of degradation.
- To help prevent groundwater contamination from runoff, landfills are kept as dry as possible. Therefore, newspapers are still readable more than 20 years after being thrown away.
- One gallon of used oil can produce the same amount of motor oil as 42 gallons of crude oil, while requiring about a third of the energy.
- The EPA has found that making paper from recycled materials results in 74% less air pollution and 35% less water pollution than making paper from virgin materials. This means that every ton of recycled paper keeps almost 60 lbs. of pollutants out of the atmosphere.
 - Over 46,000 pieces of plastic debris float on every square mile of ocean.
- Although plastics account for only 8% of the waste stream by weight, they occupy about 20% of the volume in a landfill due to their low bulk density.
- For every pound of steel that is recycled, enough energy is saved to light a 60 watt bulb for more than a day
- In a lifetime, the average American will throw away 600 times their adult weight in garbage. This means that a 150 pound adult will leave a legacy of 90,000 pounds of trash for their children.
- We pay more for food packaging than we pay the American farmer for growing the food.

From Fiscal Department

Tax Forms

Your 1099's and W-2's will be in the mail no later than Sunday, Jan. 31st.

Income Verification

If you have income verification requests, they must be in writing and please be advised that they will take Three (3) to Five (5) days for processing.

Thank you.

Federal Aviation Association (FAA) Hiring

FAA Hiring (AGE : 18 - 31)

If you have or know kids between the ages of 18-31 with a high school diploma, the Federal Aviation Association is taking applications for air traffic controller school.. You need only a high school diploma to apply and credit is given for college on the exam.

http://www.faa.gov/jobs/job_opportunities/airtraffic_controllers <http://www.faa.gov/jobs/job_opportunities/airtraffic_controllers>

Fill out the application immediately - even if they don't know if they'd want to attend immediately - it's the federal government and it may take them months to call. The key is to apply NOW... The FAA rarely has an open application such as this and these jobs are coveted.

This is a great opportunity and it should be noted that choosing a site like Anchorage or Indianapolis to train is a likely acceptance into the training program - after which you can transfer anywhere in the country that has a tower.

I hope you pass this information on to family & friends.

In Need of Some Assistance With the Cost of Your Child Care?

Enterprise Rancheria offers a subsidy payment program to families who qualify.

Minimum Qualifications include:

- Both parents in the household must either be working and/or going to School.
- Income qualified.

Please Note: Your child is not approved for the Childcare Assistance Program until you receive notification from the office that your child is approved. We only start making payments to your childcare provider when we have all needed documentation in our office.

For further information contact Donna Rodriguez at the Tribal Office.
